

GREEN MISSION STATEMENT

We/HYDROPOWER ENERGY AND GENERAL CONSTRUCTION shall remain committed to a sustainable future and to improving the social, economic, and environmental well-being of the community. We are dedicated to environmental improvements that foster a sustainable future and lead to social and economic improvements in the community we do business.

Our employees are afforded excellent working conditions and are treated with dignity and respect.

Our services are delivered in a way that minimizes the environmental impact and promotes business integrity.

Our mission is to drive sustainability throughout the project execution and by integrating sustainability into the overall procurement process:

The Management and Staff of HYDROPOWER ENERGY AND GENERAL CONSTRUCTION are committed to:

- Conservation of resources such as energy, water, and raw materials.
- We will offer safe and healthy jobs with fair wages.
- We maintain a diverse, participation-based corporate culture that establishes optimum conditions for the sustainable commitment of the employees.
- We are committed to working locally to improve the social, economic, and environmental well-being of our community.
- Partner with or Prioritize suppliers who have embedded sustainable and ethical practices within their organization and who drive such practices within their own supply chain.
- Improve the environment in our community by working with business partners, stakeholders, and our neighbors to create a clean and safe place to live and work.
- We take all possible steps to protect the environment by reducing waste & carbon footprint.

This statement will be communicated throughout the firm and is available for public review. It will be reviewed on a regular basis to evaluate relevance, consistency, monitor compliance and drive continual improvement.
